Manton.

The state of this parish was deplorable. Its Rector had been the Warden of a small College, ~~of which~~ ^{and one} of the ^{two} Brethren had acted as Curate, the other apparently being the Village Schoolmaster. But its revenues ~~and~~ ^{and} possessions were despoiled by Edward VI and Elizabeth leaving no fixed provision for the ~~care~~ ^{care} of the parish beyond what could be squeezed from the Impropiator. This will ^{help} us to understand the value to be ^{attached} ~~attributed~~ to the words 'omnia bene' found in the Visitation of 1570 — Solitudinem faciunt pacem ~~optellant~~ ^{optellant} — Manton depended upon ^{the} casual ministrations ^{of Curates} from 1549 p 1752 when arrangements were once more made for appointing a Vicar p The Curate in 1570 was a certain Robert Cressdale
The only record of this ^{curate} ~~parish~~ is that Catharine Colson is a dissembler of her neighbours p a sower of discord amongst them p a slanderer.
