In 1570 Visited  

Their chancell is in decay or defact  

Maker Burton. — Took no interest —
South Luffenham

1570

Ther channell is in decay in default of master Burton.

The parson is not resident and the channell windows are in great decay whereas play beggars and annoy the church that people...

The parsonage is in great decay rather dothe any distribution of his goods among the people.

Church wardens accused that they sell their 'ells and refuse to come unto ane account for them.

Chase to be considered when the Rector and Church wardens have given their reasons of the matter.

Resolving produced under the hands of Clement Toster, George Toster, Balman Bacher, John Cotton, James Bate, John Walbank and William Bate, parishioners in presence of dominus Robert Candiacallaging that the said parishioners have the whole number of their 'ells as it is testified for the bell which went to be cast against being brought the is bell in now, because the fact that the said parishioners have sold unto their own present for at least.

The Church wardens are warned to apply this £10 to see other purposes than the use and advantage of the church. Balman Bacher, John Walbank and George Cotton are warned they will be article. The Rector takes that the church should have paid this £10 for our close.
